| 14:00-15:00 UK | Loving Kindness: An introduction to Meditation with Mari Cruz Garcia Vallejo |

| | |
|---|--|
| 17:00-18:00 Dubai 21:00-22:00 Malaysia | "An Introduction to Meditation: Loving kindness" Meditation is a mind-body practice that can help us develop a better understanding of how our mind works and the negative emotions and thoughts that distress us. Meditation is also a deeply spiritual practice that teaches how to cultivate awareness and compassion in order to develop our full potential as human beings. In this session, Mari Cruz Garcia, a long term meditation practitioner, introduces the different types of meditation and its benefits. The session includes a brief meditation exercise in Mettā (loving kindness) to send loving-kindness and good will to all the love ones who have been separated from us either as a result of the physical lockdown or other circumstances. |
