

Support sessions w/c 22nd March

Description of sessions

Introduction to the SSLO Toolkit + Questions

This session covers the foundations of the toolkit i.e. care, kindness and compassion, and the focus on communication with each other and students. It introduces the toolkit as being a means to support the basics of communication and supporting student learning online.

Q&A Drop-In Session

This session provides an opportunity to drop-in and ask questions about supporting student learning online, teaching with technology etc.

Starting out using Collaborate Ultra for teaching

This session provides an overview of the basic tools in Collaborate Ultra and how to use them to support learning online.

Using advanced tools and techniques in Collaborate Ultra

This session provides an overview of the slightly more advanced tools in Collaborate Ultra and techniques to facilitate student engagement online.

Virtual coffee break with LTA

Just an informal space to talk and share experiences over a virtual cup of coffee. No work chat required.
